APPLICATION NUMBER : 05216197

APPLICANT : MATSUSHITA ELECTRIC IND CO LTD;

INVENTOR : MASE MASARU;

INT.CL. : G03B 17/24 G01S 5/14

TITLE : CAMERA INCORPORATING GPS

ABSTRACT : PURPOSE: To exactly record date and a place name on a photograph.

CONSTITUTION: A master control part 11 requires date and position information to a GPS control part 6, and the GPS control part 6 detects three satellites. The GPS control part 6 calculates the latitude and the longitude of a present position and informs the master control part 11 of the calculated result with the date information. The master control part 11 preserves them. Then, the master control part 11 retrieves the place name information from a place name information register part 7, whereby the date information and the present place name information are displayed on a display part 9, and further recorded on the photograph by a photographing recording part 8.
